

Design a Paper Slide Review Video:

The purpose of your video will be to make a review of the following concepts:

SLIDE 1. DENSITY

SLIDE 2. MASS and VOLUME: Grams/mililiters

SLIDE 3.SOLUBILITY: Solute/solvent

SLIDE 4. Melting and Boiling Point

SLIDE 5. Summary or Introduction

Each group member will design one of the slides on a piece of white paper.

Then, your group will film your slides:

- Two group members will narrate the video.
- One member will film.
- One member will move the slides.
