

The Land Beneath Our Feet: SOIL

6.E.2.3

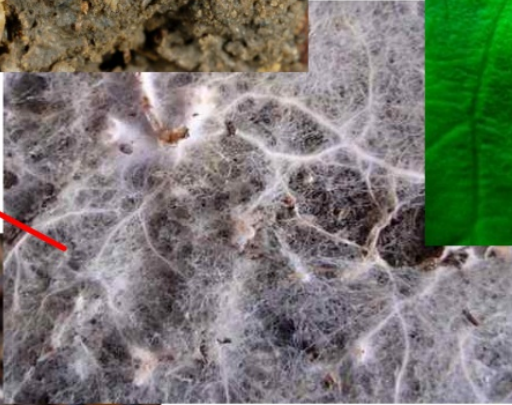

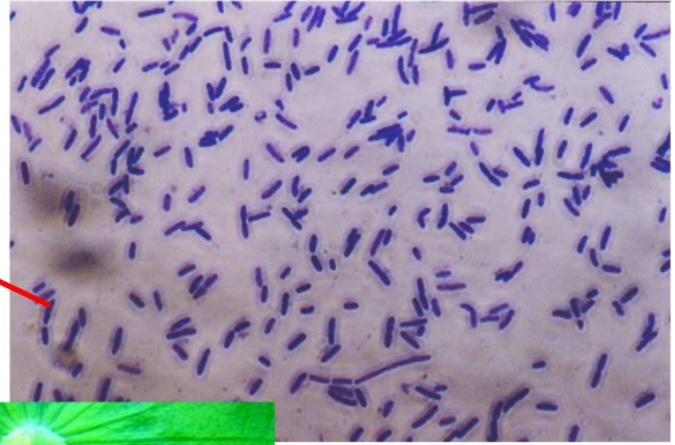

Explain how the **formation of soil** is related to the **parent rock type** and the **environment** in which it develops.

Brainstorm:

List as many
components

of soil as you can think of...

Let's make a hypothesis...

Primary make
up of soil is it's
PARENT
ROCK TYPE

What are the different ways
rocks are formed??

1. Igneous Rock
2. Metamorphic Rock
3. Sedimentary Rock

**interactive visual*
** intro video clip*

Gallery Walk

Groups A:

How is this parent rock formed?

Groups B:

What are rock examples?

Where are these rocks found?
