

Station 1: TIDES

Directions:

1. Read through each flipbook.
2. Notice: FRONT AND BACK SIDES
3. Complete BRAIN CHECK (**x2**) with partner on whiteboard.
4. Compare whiteboards with other pair at table. Show teacher your whiteboards.
5. Finally summary goes in Science Notebook.

Station 2: Vocabulary Builder

Directions:

1. Play *Rock and Roll Vocab Game*.
Complete 2 rounds (8 terms).
2. Record definitions or drawings in notebook. Check with teacher.
3. When finished, play memory.
Lay all cards face down. Try to match term and definition (different colored cards).

Station 3: If there was life on the moon...

Directions:

1. Read through the article's directions.
2. Brainstorm in your notebook at least 5 things that would be necessary to have life on the moon.
(DO NOT HAVE TO ANSWER QUESTIONS FOR ARTICLE)
3. Draw what life would look like on the moon. Include the 5 things you brainstormed that would be necessary for life. Label those things in your drawing and write a short summary.
